All you need to do: Positioning the three flowers as you wish, embroider them on to the pocket, working over the evenweave fabric. When the embroidery is complete, carefully pull out the threads of the evenweave fabric.

Turn under a 2 cm hem around the fabric for the back panel. For the pocket, stitch the checked fabric to the linen fabric following the diagram, press under a 1 cm turning all around and stitch the pocket to the back panel close to the edge.
